HUERTA PUTS CONGRESS THROUGH

Organization Was Completed Last Night—Formal Opening is Planned for Thursday

ANTI-HUERTA PLOT PUTS MANY UNDER ARREST

Tuxpan Likely to Fall Before Rebels—Tampico Said Captured—Texas Aroused

MEXICO CITY, Nov. 18.—Many more arrests were made today in connection with a reported anti-Huerta plot. The arrests were started last night and continued until this morning. Many prominent men are included. It has been confirmed that a large party of prisoners participating in the Carranza demonstration at Manzanillo had been brought here. It is reported that the party includes Americans, but this report is unconfirmed.

It now seems certain that congress will meet on Thursday as scheduled, as a quorum is already here, and committees on credentials, appointed by the temporary organizations of both houses, are working on the credentials of members. In Senate organization, the temporary organization of the Senate is working on the credentials of members. In House organization, the temporary organization of the House is working on the credentials of members.

The Huerta government is believed to be suppressing news of rebel successes in the north.

MEXICAN CONGRESS COMPLETES ORGANIZATION

MEXICO CITY, Nov. 18.—The new Mexican congress was organized completely last evening in defiance of the demand of the United States that it should not open, the members having been illegally elected. General Francisco Ponce was appointed temporary chairman of the senate, enough of the senators getting together for a quorum. Committees on credentials in both senate and the chamber of deputies are at work, and it is fully expected that congress will be formally opened on Thursday. It is believed that the recent election for president and vice president will be declared null and void and a new election ordered. Special cabinet meetings were held yesterday morning and afternoon but the proceedings were kept secret.

Foreign companies in Mexico sent representatives to the palace to protest to Provisional President Huerta against the proposed tax of \$1.20 of each barrel of oil exported. German Minister Paul von Hintze is reported to have asked German merchants to furnish inventories of shipments they expect within the next few days as he said he had definite information of the near approach of a United States blockade of all Mexican ports. He is said to have stated that he had knowledge of seventeen American warships under orders to sail at once for Mexican waters.

Provisional President Huerta, talking with personal friends last night, declared he was prepared to resist intervention by the United States. He will take up residence in Chapultepec Castle for personal safety.

TAMPICO CAPTURED BY REBELS

GALVESTON, Nov. 18.—That the Mexican rebels have captured Tampico was reported today by wireless, the report, however, is unconfirmed. A steamship was expected to reach there tomorrow. Then a full report will probably be forwarded here.

TUXPAN WILL FALL BEFORE REBELS IS GENERAL BELIEF

VERA CRUZ, Nov. 18.—Tuxpan must fall before the attack of Mexican rebels, it is believed here today. General Aguilar, commanding the besiegers, gave the city until Thursday to surrender. It is believed here that the federal commander will offer no resistance. He appealed for reinforcements but the government was unable to spare any men.

TEXAS WILL NOT WAIT FOR UNITED STATES IN CASE OF TROUBLE WITH MEXICO

AUSTIN, Tex., Nov. 18.—"In the event Mexico starts any trouble we will protect our citizens and their rights for Washington to act," declared Gov. O. B. Colquitt late yesterday, after a conference with Adj. Gen. Hutchings. While no official statement was given out, it became known that the Texas National Guard is in readiness to answer quickly any call that might be made.

The conference was the outcome of a threat by Mexicans yesterday to make Texas "answer to the whole Mexican people" unless mercy was shown Mexican ammunition smugglers charged with murder. Gov. Colquitt did not apprise Washington of the day's events. He said that in a recent outbreak along the

Gov. Tener, Once League Star, to Head Nationals

HARRISBURG, Pa., Nov. 18.—It is learned from reliable sources that Governor John K. Tener of Pennsylvania will be the next president of the National Baseball League. A committee representing the league magnates will offer him the presidency tomorrow. It is said Tener will accept on condition that he be permitted to complete his term as governor. It is understood a clause to this effect is contained in the agreement. Gov. Tener was formerly a big league star.

BROWN, NEW YORK CENTRAL, RESIGNS

Wants Freedom After Care and Worry of Thirty Years in Railroad Service

NEW YORK, Nov. 18.—President W. C. Brown of the New York Central railway has resigned. President Brown accompanied his resignation by a letter stating his reasons. He said:

"I have been in the railroad service for more than forty-four years, twelve years of this time with the New York Central. I feel that I have earned the freedom from care, worry, hard work and responsibility which can be obtained by retiring from active service."

The directors accepted the resignation, and intimated that Brown will probably be succeeded by Alfred Smith, senior vice-president of the road.

NEW YORK TO LEAD AN ATTACK ON HIGH COST OF LIVING

ALBANY, Nov. 18.—Governor Glynn is conferring today with the heads of several railroads, noted economists and national officials, regarding making an attack at the next legislature on the high cost of living. President Elliott Brown of the New Haven and New York Central railroads, Vincent Astor and Franklin Roosevelt are among those expected to attend. Senator O'Gorman is expected to launch a similar campaign in congress.

SUNDAY SCHOOL GRAND JURY CONVENTION OPENS ORGANIZED TODAY

Miss Meme Brockway Gives Interesting Talk on Foreign Children G. G. Richards of Orange Appointed Foreman; C. P. Pann, Secretary

SPLENDID SPEAKERS ARE ON THE PROGRAM

Meetings Will be Held Up to and Including Tomorrow Evening Committees Were Appointed Today and Work Begins at Once

Representatives of the Sunday school of Orange county gathered this morning at the First Methodist church for the annual convention. The meetings started off with an enthusiasm and evident devotion that speaks well for the success of the convention, which will last until tomorrow night, closing with a business session and an address by Rev. Booth of Long Beach.

Two splendid addresses are on the program for tonight, one by Rev. H. A. Dowling, a state officer, and the other by Rev. Frank Stevens of Pasadena.

The convention opened with a song service, led by Charles Potts, who led the singing at the Dr. Brougher meetings here a few months ago. Mr. Potts is to lead the singing throughout the convention.

Rev. H. M. Moore of El Modena turned the thoughts of the audience to the devotional work of the convention. At 10 o'clock came the roll call of the various Sunday schools of the county. As the name of the school was called, a representative stood up and briefly reported the progress made during the last year. The greatest applause was that given the United Presbyterian Sunday school of Santa Ana, the report of which was made by the superintendent, A. H. Morrow.

That school has 263 members, of which 37 were added during the year. It has 29 in the home department and 24 on the cradle roll. The collections of the year, \$426.92, all went to missions, the expenses of the Sunday school being met by the church.

Interesting Talk

Miss Meme Brockway of Los Angeles, an unusually interesting speaker, gave a delightful address upon "The World's Children." In her visit to the international convention at Zurich, Miss Brockway gathered up dolls of various countries. These she used to show the costumes of various countries. She led her audience into visits with children in foreign missions, and she contrasted vividly the difference in the condition of foreign children in the mission and the foreign children in homes where Christianity is not known.

At 11 o'clock the convention broke up into two departments. At noon luncheon was served by the Methodist ladies.

The convention is full of good things. The sessions are morning, afternoon and evening. S. W. McCulloch of Fullerton, president of the county association, is president.

This morning nineteen men were selected and the grand jury was organized. Of the thirty men who were placed upon the panel ten months ago, several were excused from service. When the grand jurors were drawn by Court Clerk Backs only eighteen were present. A special venire had been issued when Frank True came in, and he was placed on the grand jury as the nineteenth member.

Judge West then appointed Guy G. Richards, a city trustee of Orange, as foreman of the body, and the judge then read his instructions. The nineteen men then withdrew and C. P. Pann of Huntington Beach was elected secretary. This afternoon at 2 o'clock, Foreman Richards announced his committees as follows:

Cities—Frank True, Santa Ana; F. R. Aldrich, La Habra; Fred Timpane, Anaheim; Wells B. McCoy, Westminster; James E. Stone, El Modena. Superintendent of Schools, Auditor and Treasurer—W. L. Hale, Fullerton; W. A. Grunleir, Santa Ana; C. P. Pann, Huntington Beach.

Board of Supervisors—S. W. Nau, Tustin; W. A. Goodwin, Orange; W. H. McDonald, Orange; S. N. Fuller, Fullerton.

Assessor, Recorder, Tax Collector, Sheriff, District Attorney and Clerk—Thomas Hill, Stanton; Carl O. Heim, Orange.

Roads and Public Buildings—For the second and fifth supervisorial districts, W. E. Case, Garden Grove; W. A. Dyer, West Orange. For the third and fourth supervisorial districts, J. E. Meyer, Santa Ana; Rupert Best, Santa Ana.

The various committees commence their work at once.

Judge West's charge to the grand jury follows:

Gentlemen:—The constitution of this state requires a grand jury to be drawn and summoned at least once each year in each county, and in pursuance of this constitutional requirement and in obedience to the laws enacted in accordance therewith, you have been drawn and summoned at this time to perform the several duties incumbent upon you.

By legislative enactment it becomes my duty to call your attention to certain provisions of the law and to instruct you that it is your duty to ascertain by careful and diligent investigation whether they or any of them have been violated and to note the result of such investigation in your report.

I call your attention to section 4000 to 4005, inclusive, of the Political Code.

The Court further instructs you, gentlemen of the jury, that the law requires the utmost secrecy in regard to your investigation of criminal charges, especially where the crime under investigation is a felony, and you are admonished that you must not disclose any evidence adduced before you as a grand jury, or as members thereof, or any statement or other thing that has been said or done before you as such body, or how any member of your body may have voted on any matter before you, and your particular attention is directed to the provisions of section 168 and section 169 of the Penal Code.

I also direct your attention and consideration to the following sections of said Penal Code, to-wit: Sections 915, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928 and 929.

The provisions in section 928 to the effect, "That if a grand jury shall, in their report, comment upon any person or official who has not been indicted by the said grand jury, the said comment shall not be deemed to be privileged," does not operate as a limitation upon your power to comment upon the official conduct of the county officers. It is simply and only to the effect that if you unjustly and without good reason comment upon their official conduct, criticizing them without facts upon which to base your criticism, in such manner as to be libelous, you are not protected by the law, or in other words, it means that you must confine your criticism of public officers and persons to the facts in the case, and that you are not permitted to use libelous or slanderous language toward any officer or any other person while acting as a grand jury, any more than you would be permitted to do as private citizens.

I further say to you, gentlemen, that the principal business that will come before you will be to make a careful and complete examination of the records and accounts of all the officers of the county, as provided by said section 928 of the Penal Code,

Big Conventions Meeting In Florida Urge Inland Waterways Under Interstate Commerce Commission

PALATKA, Fla., Nov. 18.—Adequate inland water transportation facilities, to compete with railroads, would prove a significant factor in solving the high cost of living problem. Senator Fletcher of Florida, told delegates to the Mississippi-to-Atlantic Waterways Association delegates, who today are in annual convention here. "Government reports show that farm products last year were worth \$9,500,000,000," he said. "It is safe to assume that \$6,000,000,000 worth of this reached the public for which it paid about \$13,000,000,000. In other words consumers paid \$7,000,000,000 more than the producer got. While not all of this went for transportation of course, a very significant portion of it did."

Fletcher declared that the transportation problem was the greatest of the commerce of the country faced. Competition, he said, was absolutely necessary to prevent a railroad monopoly, and he advised placing inland waterways under the direction of the Interstate Commerce Commission, to provide freight and passenger rate regulations similar to those in effect on the railroads. A long stretch of the inland waterways, stretching from the great lakes to the gulf and then up the Mississippi was advocated by the speaker. These waterways, he said, could be partly artificial canals, and to a large degree natural streams

dredged and connected with each other. With the close of the convention today the delegates of the Atlantic Deepwater Waterways Association, in convention there. The two waterways associations are behind the intra-coastal system of canals, work on both of which has already been begun, that will connect Cape Cod with the Gulf of Mexico and will run westward from there to the Mississippi and into the Rio Grande river.

GREAT PROJECT CONSIDERED BY WATERWAYS ADVOCATES

JACKSONVILLE, Fla., Nov. 18.—Attended by leading waterways advocates from every section of the country, the Atlantic Deepwater Waterways Association today convened its annual meeting with an address by Representative Moore of Pennsylvania, president of the association. Representative Moore reviewed in detail the progress which has been made on the "coast canal" from Cape Cod, Mass., to Key West, Fla. Completion of this great inland waterway, he declared, would mean not only the saving of millions of dollars in shipping transportation and prevention of wreck and damage so frequent at sea, but it will mean the prevention of the annual toll of death which the sea takes from the coast shipping trade.

and to this end, if in your judgment it is necessary, you are authorized and empowered to employ an expert at an agreed compensation not to exceed ten dollars a day, to be first approved by the Court, and, if in your judgment, the services of an assistant to such expert is required, you have power to employ one at a compensation to be agreed upon and approved by this Court, not to exceed, however, five dollars per day for such assistant. Such compensation of the expert and assistant to be payable as other county charges are paid.

I further say to you, gentlemen, that criminal prosecutions as the law now stands, can be more readily and cheaply made through the district attorney's office by information, than by indictment through your body, but if there are any cases that have not been prosecuted by the district attorney which come to your attention, it is your duty to take them up and examine into them.

Finally, gentlemen, I say to you that in order that your deliberations may be expeditious, it is not untimely that I say to you that it will be necessary for you to select a competent person from your number who has aptness for keeping records, to act as secretary.

Dated this 18th day of November, 1913.

J. B. WEST, Judge of the Superior Court.

1500 NAVAJO'S IN DEFIANCE OF U.S.

Resist Arrest of Renegades Wanted for Crimes—Are in Armed Camp, New Mexico

SANTA FE, N. M., Nov. 18.—Fifteen hundred Navajo Indians are reported in armed encampment on Beautiful Mountain, thirty-five miles southwest of the Shiprock agency, defying United States Marshal Huds-peth to take prisoner the renegades who are wanted on federal warrants for horse-stealing, assault and bigamy.

Two troops of cavalry have been asked for by the marshal and the request has been referred by the war department to Major General Carter, in command of the border patrol.

LONE BANDIT IN FORAY ON TRAIN

Cowed Three Mail Clerks on Shore Line Limited, S. P., While Rifled Mail Bags

SAN FRANCISCO, Nov. 18.—Post-office and railroad officials are frantically searching for a lone bandit who robbed the Shore Line Limited of the Southern Pacific between San Jose and San Francisco last night. He escaped as the train entered San Francisco. It is believed he failed to secure more than \$300. His parting words to the mail clerks, whom he compelled to tie each other's feet and hide their heads in mail sacks, were: "Tell your chief I am the man who robbed the mail car at Burlingame."

This is the second similar robbery to occur within two months. The detectives have no clue to the bandit.

BANDIT WORKED SWIFTLY IN RIFLING MAIL BAGS

LOS ANGELES, Nov. 18.—A lone bandit looted the mail car of the Shore Line Limited of the Southern Pacific last night shortly after 8 o'clock, the robbery taking place between San Jose and San Francisco. The train was one leaving here yesterday morning at 8 o'clock. The robber compelled the three mail clerks to tie up their legs and conceal their heads in mail sacks, while he operated swiftly in plundering the registered mail and the ordinary mail bags. He was busy for an hour, dropping off the train as it passed through the last tunnel on the Bay Shore cut-off. It was not known this morning what amount the bandit secured.

The robbery was not known of by anyone else on the train but the mail clerks until the Limited reached San Francisco. The mail clerks are Bruce Colton of Alameda, chief clerk; William C. Busse of Oakland, and R. M. Gray of San Francisco, assistant clerks.

NEW PROBE OF INDICTED MEN

Federal Grand Jury to Make New Probe of Officials of L. A. Investment Co.

ARRAIGNMENT TOMORROW: OSCAR LAWLER RETAINED

New Board to Exchange Homes or Real Estate to Holders of Gold Notes

LOS ANGELES, Nov. 18.—With what are said to be preparations for a new federal grand jury probe of the former officers and directors of the Los Angeles Investment Company, the jury went into session this morning. Federal District Attorney Schumacher announced that the probe would take considerable time to complete.

The arraignment of eleven former officers and directors of the company, indicted last week, is expected tomorrow. One A. Elden, former president of the company and its associates have retained Attorney Oscar Lawler for their defense, and will plead not guilty of charges against them.

New Directors' Policy

The new board of directors of the Los Angeles Investment Company announces its policy toward the holders of the gold notes which bear upon their face an agreement for repayment in cash. The directors, for the value of these notes, will give either real estate or homes, adopting a formal resolution to that effect. Los Angeles Investment Company stock situated considerably yesterday, opening at \$1.18, falling to \$1 and closing at \$1.05.

MARCONI TALKS ACROSS ATLANTIC ON NEW TELEPHONE

LONDON, Nov. 18.—The Transatlantic telephone is now an accomplished fact, according to a cablegram to the Daily Mail from Sydney, N. S., which says that Marconi had a thirty-minute Transatlantic experiment between Clifden, Ireland, and Glace Bay, N. S. No details are given.

SENTENCES OF MURDERERS WAIT ON NEW TRIAL MOTION

LOS ANGELES, Nov. 18.—The sentences of Burr Harris, the negro who murdered Mrs. Rebecca Gay, Christian Science practitioner, and Louis Larson, found guilty of murdering his wife, were postponed today to permit the filing of motions for new trials.

AERIAL RESERVE CORPS OF ARMY AND NAVY

Secretary Daniels at St. Louis to Confer on Plan—Glen Martin to Join

ST. LOUIS, Nov. 18.—Secretary of the Navy, Josephus Daniels, today arrived in St. Louis to confer with military aviator Albert Bond Lambert for completion of the organization of a United States aviation reserve corps, proposed several weeks ago by the St. Louis aeronaut, and tentatively approved by Washington. Lambert's project has already advanced so far that eighteen aviators have volunteered their services to the government in case of war as follows:

Lambert, Anthony Jannus, Hugh Robinson, Ellery Beahy, William H. Allen, William Assmann, Paul McCullough and H. E. Knauss, all of St. Louis. The last three named are balloonists. Others are Lincoln Beachy, W. R. Brooks and Francis Wildmon, all of New York; Charles F. Willard, Harry Holmes, Roy Knauss, B. F. Williams, George B. Harrison, Glen Martin, all of California, and Dr. Lloyd Thompson, of Chicago. When Lambert first suggested organization of an aviation reserve corps, he called attention to the fact that France has now 600 aviators and machines ready for war as compared to twenty-two aviators comprising the army and navy aviation signal corps. Secretary Daniels will be a guest of Lambert while here.

COUNTY REALTY BOARD IS PLANNED

Preliminary Meeting Held by Real Estate Men at Orange

(By Staff Correspondent.)
ORANGE, Nov. 18.—The Orange Realty Board entertained the Santa Ana Realty Board and real estate men from Anaheim last evening at a preliminary meeting for the organization of a County Realty Board. The meeting was held in the W. M. Whitney Company office.

After an interesting business session the meeting was adjourned until Saturday afternoon, when a gathering will be held in Santa Ana at which time final details for the County Realty Board will be completed. Refreshments were served at Decker's after the meeting.

The Ruby Rebekahs of Orange were honored last evening by the official visit of the district deputy president, Mrs. Frances Wilson of Santa Ana. The meeting was characterized by initiation exercises, two new members being taken in. Besides a number of visitors from Santa Ana there was one from Oregon and one from New Mexico.

Following the regular meeting was a short period of speech-making and the evening closed with a delicious banquet. About eighty guests were served.

Mrs. W. S. Dearing of South Glendale street left this morning for San Diego as a delegate to the Ebell convention from the Santa Ana Valley Ebell Society.

C. O. Fredrickson is again at work in the Porter barber shop on East Chapman avenue.

A. S. Ralph has purchased a new bungalow on North Orange street from C. F. Newton, who recent built the place.

Mrs. Bert Carner and son, Bert Carner, Jr., of Pacific Grove, are visiting here with her mother, Mrs. Jennie E. Parker and sister, Miss Mabel Parker, of East Palmyra avenue.

Mr. and Mrs. A. H. Small and son Howard, who have been staying at Santa Ana for several weeks with Mrs. Small's parents, Mr. and Mrs. J. A. Buckingham, came over yesterday for a short visit with Mr. Small's folks on East Palmyra avenue. Arthur's friends are glad to know he is able to get back home again.

Mr. and Mrs. H. Lucy and their children, Helen and Walter, spent Sunday in Pasadena and Los Angeles.

Munsing Union Suits Safeguard Little Folks' Health

Best kind of health insurance we know of for Boys and Girls is a good supply of Munsing-wear. Beside fitting and covering the little form perfectly, and allowing entire freedom for a "rip-roaring romp," a Munsing Union Suit is so well made that a child is likely to outgrow it before he outwears it. Beside, it stands every test and the Munsing fit won't wash out.

Mr. and Mrs. W. W. Sharp of Nutwood Place, left yesterday for Los Angeles, where they will spend a few weeks with relatives and friends.

Among today's Los Angeles visitors were the following: Mr. and Mrs. L. M. Hartwick, Mr. and Mrs. Harry Dierker, T. M. Shaddel, D. A. Blank.

A number of local ladies, members of the Clover Club, enjoyed a meeting of that club in Santa Ana yesterday at the home of Mrs. E. A. Bell.

Mrs. Vard Hannum returned this morning to her home in Anaheim after a brief visit at the E. S. Palmer home in this city.

Mr. and Mrs. Fred Grumm of San Diego, are guests at the home of the former's parents, Mr. and Mrs. F. W. Grumm, of East Palmyra avenue.

Miss Maude Lewis was home from Fullerton to visit from last evening until this morning with her mother, Mrs. C. I. Lewis.

A meeting of the Pythian Sisters was held last evening at the K. of P. Hall, about twenty members being present. Nominations of officers was the principal business of the evening which was concluded with a luncheon.

10 CENT "CASCARETS" STRAIGHTEN YOU UP

When Headachy, Bilious, Constipated, Stomach Sour, Breath Bad

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great. A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.—Advertisement.

BECOMES CITIZEN AFTER SERVICE OF TEN YEARS FOR U. S.

SAN FRANCISCO, Nov. 18.—After serving Uncle Sam for ten years as a soldier, later becoming a lieutenant colonel of the Philippine constabulary, John R. White, an Englishman, has been granted citizenship papers here. In military circles White is known as "The Hero of Bud Dajo," having won his title in a battle on the island of Jolo. He was given his commission in the army in recognition of bravery.

"THE HUNTINGTON" HOTEL THE REALIZATION OF A MOST BEAUTIFUL DREAM

PASADENA, Nov. 18.—Henry E. Huntington, of this city is probably the first man who ever bought a million-dollar hotel, and then spent another million and a half on it, just to have the environment of his home in keeping with his ideas of an ideal community.

Several years ago when Mr. Huntington, nephew of Col. P. Huntington, one of the Southern Pacific financiers, and himself a noted railway financier, practically retired from active business life to enjoy his immense fortune, he laid out the most magnificent suburban home in Southern California, in the exclusive Oak Knoll millionaire colony, which he himself founded. Shortly after this General M. E. Wentworth organized a company to build a hotel on the crest of the Knoll, overlooking the entire San Gabriel valley with its fine villas and orange groves. General Wentworth succeeded in building an imposing structure, but the company found that unforeseen incidents had eaten up so much capital that it had nothing left to put the project in actual operation. Mortgagee to the hilt, it stood vacant, a white elephant for several years, more than a million dollars tied up and lying idle in this most picturesque spot in the Southwest.

The Mr. Huntington was urged to buy it, and so remove the blot from Oak Knoll. He demurred for a long time, declared he was taking on no new interests, and hesitated to enter a business so foreign to all his life

work. At length, however, he realized the truth of the argument that until some person with tremendous resources would carry out the Wentworth project, the building would remain an eyesore to Mr. Huntington himself, as well as all Oak Knoll. Once he decided to act, his thoroughness was typical. He had the building practically rebuilt inside, had his army of gardeners make the spacious grounds into real parks, and in short gave artists and artisans the freedom of his bank account, determined that if he had to go into the hotel business he was going into it right, so that he would not be ashamed to have the hotel named The Huntington, after his distinguished family. Then he went to Europe and let the men he had placed in charge carry out the plans they had mutually agreed upon.

This was not a year ago. In January the result of the Huntington millions, combined with the keenest experts in hotel construction and equipment, will be thrown open to the public. One unique feature, just to give a sample of the modern nature of the institution, will be daily flights from the hotel in a dirigible airship, which was described recently in Collier's Weekly, the first regular aerial passenger service on this continent. This service will be run in conjunction with another big Pasadena tourist hotel, The Maryland, both this and the Huntington being under the management of D. M. Linhard.

Valuable Information Given Citrus Growers At Riverside Assembly

RIVERSIDE, Nov. 18.—Vital technical subjects relating to the advancement of the great citrus fruit industry of Southern California were discussed at the first annual horticultural assembly held in Riverside, because of the location of the United States Department of Agriculture citrus experiment station here.

The discussions by experts were heard with great interest by growers, who asked many practical questions, and at the conclusion of the assembly all praised the achievements of the experiment station, many remaining until late to inspect the many plants and trees growing there for the dissemination of knowledge to the grower. Dean Webber of the experiment station characterized the gathering as the most important of any he had participated in since coming to the Pacific coast. Several hundred horticulturists from all parts of Southern California were in attendance.

Must Heat Groves

C. F. Milliken, Southern California extension agent, discussing the topic, "Lessons From the Freeze," said:

"The most effective method of modifying temperatures is by burning oil or coal in the groves. This is the only practical means to be relied upon in future to insure trees and crops against loss. Windbreaks offer protection from the breaking down of trees, but do not protect groves from frost. On still nights, when heating is in progress, windbreaks are disadvantageous, checking the drift of air carrying the heat."

Nathan W. Blanchard, pioneer grower of Santa Paula, gave an interesting history of his orange grove, naming the most valuable lessons he learned by experimenting with fertilizers, rebudding and frost-fighting devices.

Prof. H. S. Fawcett, pathologist of the citrus experiment station, demonstrated that gum disease is caused by a fungus that may be prevented by avoiding conditions favorable to its growth or cured by applications of Bordeaux paste.

Dr. J. L. Briggs of the United States Department of Agriculture, speaking on malnutrition in Southern California, said:

"Slightly alkaline water used in irrigating citrus fruit districts, when

applied to soils containing lime, and having low humus content, produces an alkaline reaction in such soil.

"When young orange plants are transplanted to soils rich in organic matter the new growth is chlorotic, a condition that may be overcome by adding organic matter, if the lime content is not too high."

Shows Use of Lime

Dr. Briggs showed young orange trees in which chlorosis had developed; also a rhododendron with mottled leaves, these conditions resulting from addition of lime to the soil.

Telling of results of experiments at the government station W. W. Bonns, professor of pomology, emphasized the necessity of non-sexual propagation of fruits, the consequent selection of plants for budding; and described properties and habits of stocks being experimented upon.

Summing up what has been discovered through experiments at the local station, Dean H. J. Webber said:

"These results indicate the importance of nitrogen fertilization and the desirability of using nitrogen from organic sources.

"Results of experiments leave us in doubt regarding the importance of phosphoric acid, but a medium amount is desirable.

"These experiments must be carried on for a much longer period, since it is of the highest importance to obtain conclusions from a much larger series of plants. This is to form one of the main lines of investigation in the future."

"We have under observation at the government experiment station here 1000 Washington navel, 100 Marsh Seedling grapefruit, 125 Valencia, 175 Eureka lemons and 125 Lisbon lemons on trees," said L. B. Scott, of the bud selection staff, discussing improvement of citrus fruits through bud selection.

"There are 7 types of navel oranges, 4 of Marsh grapefruit, 11 Valencia oranges, 5 of Eureka lemons and 4 of Lisbon lemons. Differences of type occur as tree, limb and individual fruit sprouts of Australia and of type navel trees can be successfully budded over to standard Washington trees."

"The seeded type of Marsh grapefruit can be successfully budded to seedless type and vice versa."

TEN ACRES ORANGES SELL FOR \$25,000

Villa Park Orchard of Young Trees Bought Because of Frostless Location

One of the finest Villa Park frostless orchards has just changed ownership, the deal plainly demonstrating local realty values, the consideration being \$25,000 per acre for young trees. The ranch was sold by G. W. Whitsett of Orange to P. V. Grout. This valuable ranch property is situated along the foothills southeast of Anaheim, and consists of 10 acres of four-year-old trees, eight acres being set to Valencia oranges and two acres to lemons. The grove yielded a crop of \$25,000 this season and doubtless will be bearing much heavier another season. The 10 acres brought \$25,000 and it is said to have been one of the best deals that has occurred for many months.

CLEANSES YOUR HAIR MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and All Dandruff Disappears

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, lustrous and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, wavy hair, and lots of it, if you will just get a 25-cent bottle of Cowlton's Danderine from any drug store or toilet counter and try it as directed.—Advertisement.

Thanksgiving Linens

—Snow white linens never look so beautiful, clean, and inviting as at Thanksgiving time, with the "folks" all sitting around the table.

—Every housewife takes pride in her glossy white table cloths, pretty napkins and dainty doilies.

—And those are the things your friends admire first at the table. If you want linens to be proud of at this Thanksgiving time and at all other times, just buy one of our

Beautiful, Bordered Cloths

—Linen Cloths are fast coming into favor. It's no wonder. The beautiful borders are woven all the way around, and the price is no higher than linen cut off the bolt.

—We have a big range of sizes, always new and fresh. We can give you most any design you call for, and in just the size you want. Look at this range:

Table Cloths 2 yards wide by 2 yards long at \$3.00, \$4.00.
2 yards wide by 2½ yards long at \$3.75, \$5.00 up to \$10.00.
2 yards wide by 3 yards long at \$4.50, \$6.00 and up.
2 yards wide by 3½ yards long at \$5.25, \$7.00 and up.
2 yards wide by 4 yards long at \$6.00, \$8.00.

Table Cloths 2½ yards wide by 2½ yards long at \$6.50 and up to \$12.
2½ yards wide by 3 yards long at \$8.00.
2½ yards wide by 3½ yards long at \$10.00.

Table Cloths 2½ yards wide by 2½ yards long at \$7.00.
2½ yards wide by 3 yards long at \$12.00.
2½ yards wide by 4 yards long at \$20.00.

—That's the reason why our linen trade is growing so. We carry any size cloth you want, 2, 2½, and 2½ yards wide, which you cannot find in smaller stocks.

Table Linens by the Yard

—In piece goods, we carry splendid qualities of Irish and Scotch Damasks.

—If you want weight to your damask, ask to see our Scotch goods. We have fine lines at prices of \$1.00, \$1.25, and \$1.50 yard, and they will not rough up.

—If you are hunting for fine damask, with beautifully worked patterns, and smooth finish, then ask to see our Irish goods. The Irish people make the finest damask in the world, for they use a flax that is especially tough for its size; hence, an Irish linen, though lighter in weight than a Scotch, will wear just as well.

—We carry Irish goods by the yard at \$1.00, \$1.25, \$1.50 and \$2.00. We just received this fall a beautiful new line of patterns.

Napkins to Match

—Our range of napkins to match our cloths and linens by the yard are priced at \$3.00, \$3.50, \$3.75, \$4.00, \$4.50 and on up to \$12.00 per dozen. We cut half dozens if you desire.

BAPTIST CONVENTION OPENED MONDAY

Delegates From Southern California Counties Gather at Fullerton

The Santa Ana Valley Baptist Association, comprising all the Baptist churches of San Bernardino, Riverside and Orange counties, opened last evening at Fullerton and the sessions will continue for four days.

Rev. Otto S. Russell of Santa Ana Baptist church is president of the association.

The Fullerton people are making extensive preparations for the entertainment of their guests.

This organization is one of the oldest if not the oldest organization of the kind in Southern California, and the meetings will doubtless be attended by a large number of delegates, many of whom are to contribute numbers on the program, which will also include several of the most prominent ministers of the Southland.

Rev. C. O. Johnson of Los Angeles delivered the principal address last night, and this morning an interesting feature in a business way will be the reading of the letters from the various churches of Southern California.

The afternoon session will be conducted by the women, when Mrs. O. S. Webber will lead the devotional services and Mrs. Harriet M. Curtis will give a report of women's work. "Perils of the immigrant" is the topic Miss Anna Murdock will discuss. Miss Laura Carson will tell the conditions and experiences in Burma, and A. Playlet will handle the subject, "Millinery and Missions." Mrs. Grace Van Zant will talk on "Good Investments."

This is the day of the young man in business and the professions. Hoary-headed city fathers are found consulting deferentially some down-faced engineer from a technical school. Graybeards wait in the ante-rooms of a highly educated but youthful medical specialist.

High political success for young men is still rather unusual. Some surprise is expressed that John Purroy Mitchell, newly elected mayor of New York city, is but 34 years old.

Alexander the Great conquered the known world before he was 29. Mozart at 16 was called the greatest musical composer. But politics is a game where neither energy, enthusiasm, courage or professional education in schools is enough.

To win large success in politics, a man must have an almost uncanny instinct for estimating the way things will strike the average man. This comes from political experience. The most brilliant business leaders may utterly fail here. It came to the personal knowledge of the writer that a man who has made a fine success as a banker and manufacturer, was asked before the recent election to make an estimate of the number of votes a certain candidate would have in his own state, with whose affairs the banker was immediately familiar. He guessed that this candidate would have 150,000 votes, and the ballot box gave him only 20,000.

"Young men for war, old men for counsel." There are distinguished exceptions like Mr. Mitchell. Still the general impression one gets in looking at a body like the United States congress is of a group of middle-aged and elderly men.

Fortunately, perhaps, some young fellows break through the cautious conservatism of older heads. There is too much counting noses and listening with ears to the ground. Youth makes errors. But only through willingness to try experiments and make some mistakes can social advance proceed.

A CONTEMPTIBLE PRACTICE

The other day a "doctor"—probably thus self-styled—was arrested in Los Angeles on the charge of fraudulent use of the mails. It is alleged that he promised to cure without seeing the patient, only requiring that the patients send him the symptoms of their afflictions.

This kind of fraud is all too common and is of the most contemptible kind. Nothing could be so despicable as fraud committed upon the feeble, the infirm or the sick, holding out a vain hope of cure when cure is hopeless by such methods.

There was a time when such a fraud was legitimate, but the public conscience has been awakened; and the most effective arm of the law—the federal arm—is now used to suppress such fraud and to punish such fakirs.—Anaheim Herald.

HARNESSING THE OCEAN

From Santa Monica comes the story that a plant is now in operation by which the tidal energy of the current. Not so very long ago anyone who would have considered the feasibility of such a project would have been subjected to an examination as to his sanity. But today the story of the actual performance barely attracts comment.

The promoters of the enterprise claim that they have succeeded in harnessing the sea by means of what they call a "wave motor," which generates 100 horsepower from the action of the water. Perhaps they have; but it will be some time before we will discard the means now employed to generate electrical energy.

"SOCIALISM: PROMISE OR MENACE?"

Progressive thought on political matters is no new thing under the sun. There have always been men of advanced ideas—of ideas ahead of their times; but in recent years we seem to have been moving faster than ever before in an intelligent discussion of remedies for existing social conditions which bring hardship upon a section of humanity. We are beginning to lay aside our prejudices against reform; we have become more tolerant of the opinions of radical thinkers; we are more willing to discuss their proposals; and we find upon examination that there may be an element of real worth in almost any economic or political program.

This attitude of the public mind is well illustrated by the reception accorded to the initiation of a discussion of Socialism in Everybody's

Magazine, between Morris Hillquit, a noted Socialist and attorney of New York, on the one hand, and John Augustine Ryan, D. D., a prominent Catholic divine, of St. Paul on the other.

In the opening of the discussion of "Socialism: Promise or Menace?" both disputants take high ground. There is an evident intention to refrain from all chicanery and sophistry.

It is worthy of note that Dr. Ryan, in his defense of capitalism, urges that the Socialist indictment of capitalism is overdrawn and that the best remedy for existing economic and industrial evils lies along the line of just such reforms as are advocated by the Progressive party. He makes not attempt to "stand pat" for existing conditions. He even goes so far as to declare that "until the majority of wage-earners become owners, at least in part, of the tools with which they work, the system of private capital will remain essentially unchangeable."

As the arguments in Everybody's Magazine are likely to receive a great deal of attention from reformers, students of economic problems, and thinking people generally, it is to be hoped that the disputants will continue their arguments on the same high plane on which the discussion has begun.

BREAKS A GOLD IN A FEW HOURS--PAPE'S

First Dose of Pape's Gold Compound Relieves All Grippe Misery

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

For Children there is Nothing Better. A cough medicine for children must help their coughs and colds without bad effects on their little stomachs and bowels. Foley's Honey and Tar exactly fills this need. No opiates, no sour stomach, no constipation follows its use. Stuffy colds, wheezy breathing, coughs and croup are all quickly helped, and sweet refreshing slumber instead of feverish tossing at night. It is easy therefore to understand why an increasing number of bottles of Foley's Honey and Tar Compound is sold yearly. Rowley Drug Co., White Cross Drug Co.—Advertisement.

DIVERSIFYING IN THE CITRUS ORCHARD

In diversifying the crops to be raised in a citrus growing district there are two methods which can be followed without changing or essentially modifying existing conditions:

(a) Actual intercropping, carried out between the rows of trees on correct scientific and practical lines.

(b) The utilization of odd corners and unused ground in and around the orchard.

Many citrus lands are well adapted to the growth of winter crops—peas, beans, tomatoes, peppers, etc., which occupy the ground at a time when the citrus trees are more or less dormant; and these can be made to play an important part in any system for their growth, while all of these crops produce considerable growth for plowing under or to be used for the production of humus around the trees.

In some cases small fruits and vegetables are practicable, while in the utilization of unused ground around the orchard it is usually possible to produce an abundance of green fodder through the winter months suitable for ensilage if so desired.

Fruit and nut trees along the country property lines and street borders; quick growing crops of all kinds between the trees can be profitably grown and without damage to the orchard trees.

WASHINGTON, Nov. 18.—The supreme court has decided the dispute between the respective interests of husbands and wives in farm homesteads in the state of Washington and has affirmed the decision that under the state law the wives have half an interest in government homesteads in Washington after the title has passed from the government.

The court rendered the decision in the case of John Butcher versus his step children, who claimed their mother's half interest in his land near Spokane. The decision is regarded as among the most important in government land litigation.

CORNER STONE OF NEW STATE NORMAL SCHOOL LAID TODAY

LOS ANGELES, Nov. 18.—The corner stone laying of the new State Normal school to be built at Willowbrook and Vermont avenues, this city, was attended by a large number of educators from over the state, the ceremonies beginning at 2:30 o'clock this afternoon. The teachers and students of the Normal school were present in a body, besides many citizens interested in this additional proof of the growth of Los Angeles and Southern California.

Ten of the group of Normal school buildings are already under construction and it is declared by the contractors that they will be completed by August 15, 1914.

Would Make Them Better if They Could

The makers of Foley Kidney Pills know that they have absolutely the best combination of curative and healing medicines for kidney and bladder ailments and urinary irregularities that it is possible to produce. Mrs. O. Palmer, 635 Willow street, Green Bay, Wis., was seriously ill with kidney and bladder trouble. Mr. Palmer writes: "My wife is rapidly recovering her health and strength due solely to the use of Foley Pills." You cannot take them into your system without good results. Doings In Social and Club Circles

MRS. TOPLE IS HONORED

Retiring Matron of Hermosa Chapter, O. E. S., Named as Deputy Grand Matron

For the sixth time in the history of Hermosa Chapter, O. E. S., it has been honored by having the District Deputy Grand Matron appointed from among its members. Mrs. Prince L. Tople, the retiring matron, is the recipient of the honor at this time. The compliment is all the more appreciated by this chapter and by Mrs. Tople, for the reason that the office came unsolicited, and also for the reason that this chapter conceded the appointment to one of the other chapters of the district for the coming chapter year. The past year has been the most prosperous and successful for Hermosa Chapter since it was chartered, there having been forty members added to the roll of the chapter during the year by initiation and affiliation.

Mrs. Tople has qualified for the position and will begin her official visits and inspection of chapters in her jurisdiction after the holidays. The appointment was announced last night at a regular meeting of Hermosa chapter, when Mrs. Tople made her report on the recent Grand Chapter meeting, which she attended in her official capacity as Worthy Matron of the local chapter. Congratulations were given her for her recent appointment.

Initiation last night was a feature of the meeting which was splendidly attended. Refreshments were served after the close of the chapter.

Art Study Club

This club will meet tomorrow night with Miss Gowdy, 825 French street. The subject for the evening will be Eastern American artists, such as Blake, Bayles, Sargent, and other famous painters. Miss Pease will have the paper of the evening, and will be aided in the discussion of the subject by Miss May, Mrs. Padgham and Miss Carter. Pictures by the artists mentioned will be exhibited from the Los Angeles public library. Anyone having pictures by Eastern American artists will place the club under obligations by taking them to the meeting tomorrow night.

Wineteer-Rubidoux Mr. and Mrs. N. Wineteer were much surprised yesterday to receive a telephone message from their son, Lester Wineteer, saying he would pass through Santa Ana in the afternoon at 4:03 o'clock on the Santa Fe with his bride, en route to San Diego where Lester has a position as clerk in a wholesale and retail mercantile house.

Mr. Wineteer was married to Miss Ethel Rubidoux at Colton, Monday noon, Nov. 17, at the home of the bride, whose parents were the first settlers in Riverside. The famous Rubidoux mountain was named for the family.

The young bride of Mr. Wineteer, who is well known here among the boys and girls with whom he used to attend school in Santa Ana, is a beautiful girl of charming ways.

Missionary Meeting The Y.M.P.C. Woman's Home Missionary Circle met at the home of Mrs. George Hill yesterday afternoon. About twenty-five ladies were present and the organizing of the society was completed. An interesting time was had in discussing the work, which is to be taken up by the society. This work is for the Frances De Pau Home of Los Angeles.

The house was decorated in beautiful pink and white roses. The society will meet on the second Tuesday of each month at 2:30 in the afternoon at the home of the members. The next meeting will be at the home of Mrs. Allen, 1010 West Pine street.

Refreshments were served by the entertaining committee, Mrs. Hill and Mrs. McArthur.

Rev. Watry Resigns

Rev. Francis Watry of the Unitarian church has resigned his pastorate here to accept the pastorate of the Long Beach church of the same denomination.

Mr. Watry's decision followed a call from the Long Beach church which recently accepted the resignation of Rev. Franklin Baker, pastor of the church there.

Baker was recently arrested in Los Angeles on the charge of alleged vagrancy and his trial will come off some time this month.

FRATERNAL UNION ELECTS

Mrs. McCord Chosen for the Seventh Time as Secretary; Social Preceded Election

The Fraternal Union of America at a regular meeting held last evening elected the following officers: President, D. W. Stearns; vice-president, Mrs. Dora Spangler; secretary, Clara McCord; treasurer, R. J. Brown; chaplain, Mrs. L. B. Stearns; guide, Mrs. H. E. Bradbury; inner guard, W. H. McCord; outer guard, Theo. Lacy; stewards, H. H. Ellis, A. C. Williams, Mrs. E. J. Warren.

A social hour preceded the meeting, a hot tamale pie supper at 7 o'clock being one of the features of that period. A large attendance of members indicated renewed interest in the life of the union, which is now in a prosperous condition.

In the election of officers, signal honor was paid to the faithful secretary, Mrs. Clara McCord, who was re-elected for the seventh time to the office which she fills so efficiently. The retiring president was H. H. Ellis.

The Fraternal Union, which has been meeting on Tuesday nights heretofore, will hereafter convene on Monday nights, a point to be remembered by all members.

Completed Study of Genoa

Travel Section Number Two of the Elbel Club met with Mrs. E. B. Burns yesterday afternoon. The meeting was called to order by Mrs. C. E. French, a goodly number being present.

Roll call was made an interesting feature of the afternoon, it being responded to by current events given by the members. The study of Genoa was completed, having proved a fascinating subject.

The president, Mrs. French, was excused early in the afternoon that she might leave for San Diego to attend the District Federation of Women's Clubs convention, and the secretary, Mrs. A. L. Deering, conducted the meeting until its close.

Refreshments were served later by the hostess and a pleasant social period enjoyed.

Travel Section Number One

The first section of Elbel Travel Department met yesterday at the home of Mrs. J. J. Roper, a pleasant study hour being followed by a social time, during which delicious refreshments were served.

In Honor of Builders

County Horticultural Commissioner and Mrs. Roy Bishop, who are now nicely settled in their beautiful new \$5,000 home on Fairhaven avenue, last night entertained the builders of the house, Fern Bishop and Homer Cole and their wives at a six-thirty o'clock dinner, in compliment for the splendid work done by the contracting firm of Bishop & Cole.

The house of eight rooms was most attractive. It was flower adorned, roses and white chrysanthemums being used in decorations. The evening was marked by a delightful informality that was enjoyed by all concerned. At the handsomely appointed table which was decorated with Cecil Bruner roses were covers for Mr. and Mrs. Fern Bishop, Mr. and Mrs. Homer Cole and their son Clifford, the host and hostess, Mr. and Mrs. Roy Bishop, with their two sons, Mortan Bishop, with their two sons, Mortan Bishop. The latter with his cunning ways was the center of attention during the evening.

There were hints of Thanksgiving in the table appointments and menu. The place cards were especially significant, bearing designs of Thanksgiving turkeys. The time at the table and the evening following was delightfully spent.

Funeral Notice Funeral services for Mrs. Emma Hopfner will be held at Smith's chapel Thursday, Nov. 20, 1913, at 10 o'clock.

Inquiry Made Here

City Marshal Jernigan has received a letter inquiring for Jesse W. Breen, who is wanted by George Burgh at Billings, Okla., owing to a business in the family. When last heard of Jesse was a truckman at Bakersfield three years ago.

Men's Wool Underwear \$2 Per Suit

After 14 months' constant search in practically every woolen underwear mill in New England we are now ready to show you the result—lot 48—a spring needle, ribbed wool garment—made by the Bristol Woolen Mills of Bristol, Conn.

It is a close woven garment which makes it only medium weight and yet as warm, or warmer, than a heavy loosely woven garment—besides causing it to wear almost twice as long.

Either shirts and drawers separately at \$1.00 each—or union suits with closed crotch at \$2.00.

We're mighty proud of our underwear department.

Vandermaast & Son

Personals

Mrs. Asa Vandermaast was a morning traveler to Los Angeles today.

Mrs. H. A. Zimmerman and her father-in-law, W. H. Zimmerman, went to Long Beach today for a visit of several days with relatives.

Mrs. Nellie Young was a visitor to Los Angeles today, going to the city on an early car.

F. W. Harding boarded the 3:25 Los Angeles bound car this morning. Mrs. George L. Godbery and her sister, Mrs. N. M. Hanson of San Diego, who is visiting at the Godbery home, went to Los Angeles this morning to visit their brother, James Grace, who is in the Crocker Hospital there.

Mr. and Mrs. M. H. Thompson and little daughter Marion returned to Los Angeles last evening after a visit of several days with relatives in this city.

The friends of Mrs. J. H. Miller of Huron, South Dakota, will be glad to know that she has arrived in Santa Ana and taken rooms for her annual winter stay. She is the mother of Mrs. C. C. Langley.

Mr. and Mrs. Fred Wilson have moved from North Spurgeon street into the pretty bungalow recently built at 525 East Washington avenue. The two-month-old son of Mr. and Mrs. Will McCadden, who has been in the Santa Ana hospital for the past two weeks, is reported to be somewhat improved.

Mr. and Mrs. F. B. Shutt of Colorado Junction, Colorado, are recent arrivals in Santa Ana. Mr. Shutt is a carpenter and thinks from his city's general look of prosperity and the many buildings now in course of construction that he will find it a good place to settle.

Lily Langtry at Clune's For Monday, Tuesday and Wednesday of this week, at Clune's there is being presented one of the best programs seen in this city. Every number is of the highest order.

As usual the pictures are up to their high standard. The feature is the one in which Lily Langtry is the principal character, in an intensely dramatic play entitled "His Neighbor's Wife." The acting was excellent, and the surroundings in which the various scenes were taken are indeed beautiful. This picture has a strong moral, and should be seen by as many as could take advantage of the opportunity.

Another strongly dramatic picture which is included in this half week's program is called "The Thurst of Hate." This has some really exciting scenes and should appeal to those who love the drama in moving picture acting. "His Neighbor's Wife" is shown in four reels and "The Thurst of Hate" in three, making a total of seven reels of moving pictures of high class.

The usual comedy reel is also on the program, "Hubby's Love Is Truly Wonderful." This reel keeps the audience in convulsions of laughter, and should be appreciated by those having an acute attack of the "blues." The vaudeville numbers are also good. The Morris trio of acrobats will amuse you with their "boxing and wrestling" stunts, and the little fat member of the company will show you a splendid "trick or two with coins. See this; it's great!

POSTMASTERS NOMINATED

LOS ANGELES, Nov. 18.—The following list of Los Angeles County postoffice nominations has been sent to the senate by the President: Col. Frank P. Firey, Pomona; Charles H. Thompson, Burbank; Anna Mary Carson, Compton; Elizabeth M. Steel, Downey; Abraham Mooser, Ocean Park; Floyd Godfrey, San Dimas.

Chairman H. H. Cotton of the executive committee of the Democratic County Central Committee, stated last night that all of these were first endorsed by the executive committee.

COMMITTEE IS NAMED TO LAY OUT DISTRICT

ORANGE, Nov. 18.—The City Trustees last night appointed Henry Bosch, Henry Terry and M. Eltiste as a committee to act with six others in laying out the proposed districts that are to be assessed for completing paving to the city limits on North Glassell, South Glassell and East Chapman.

The P. E. graders are at work on Lemon street, south of La Veta avenue, and trolley poles are being placed on Lemon street.

RAIN AND GALE IN SAN FRANCISCO

\$50,000 Damage from Wind; Rain Over North—Sacramento Has Record Rainfall

SAN FRANCISCO, Nov. 18.—It is raining today throughout Northern California today, and 125 inches had fallen at Red Bluff by 5 o'clock this morning. The rain started here at 11 o'clock last night. The weather forecast predicted that the storm would continue all day.

Sacramento Records Broken Records here were broken today when 1.08 inches fell before 1 o'clock. The storm started at 2 o'clock this morning, and promises to continue throughout the night.

Gale Does Damage Heavy shipping suffered \$50,000 damage in a heavy gale blowing today. The Island Transportation company's large number 5 snapped its moorings at the Santa Fe pier, crashed into the British steamer Santa Rosalia and broke in two, then sank. The scow schooner Evelyn went ashore near the breaker and was totally wrecked. The schooner Monterey slammed into a pier and her bow was crushed. There was much minor damage.

DEATH OF WM. LANGLEY WIRED HERE BY BROTHER

A telegram was received here this morning from Judge E. T. Langley, announcing the death of his brother, William Langley, at Forest Home, Oregon, where Judge Langley was called about a month ago on account of his brother's illness. His brother died last night, and it is probable that Judge Langley will return here as soon as the funeral is over.

William Langley is mourned here by two sisters, Mrs. Frances Lyon and Mrs. Emma Bull, as well as the family of Judge Langley. He formerly resided here, and will be remembered by many who knew him at that time. The family has the sympathy of many friends in their bereavement.

A CONSUMPTIVE COUGH

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and lets you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Elyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c and \$1.00. All druggists, by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

REV. SAMSON HAS RESIGNED

Well Known, Able Leader of United Presbyterians Going East

Man Who Has Done Great Good Leaves Mark on Community

On Sunday morning last, Rev. W. L. C. Samson presented to the United Presbyterian church his resignation as its pastor, and about the middle of December he and his family will leave Santa Ana for Pittsburg, Pa. The resignation was made to take effect as soon as the presbytery can act upon it.

The decision of Rev. Samson to leave Santa Ana means that a man who has been a power for good in Santa Ana goes to some other field. His sane views upon public questions, his earnestness and his activity and genuine friendliness toward all the world has left a decided mark upon the community in which for seven and a half years he has led one of its most influential congregations.

HIS ARREST

Anaheim Man Sues Earl D. Gray Because of Larceny Warrant March 5

Twenty thousand dollars is the balm desired by Will I. Smith of Anaheim to soothe his wounded feelings. The wounds were inflicted on March 5th when he was arrested with Sam Henderson, a negro, on a charge of burglarizing Earl D. Gray's residence at Anaheim.

Smith has begun suit against Earl D. and Lydia E. Gray, alleging that their prosecution of him on the felony charge was malicious. The complaint

was filed by Attorneys J. C. Craig and R. T. Linney of Los Angeles.

Last March Henderson worked for Smith. Gray's house was burglarized, and stolen jewelry was found at Smith's house. Smith and Henderson were both arrested. Developments showed that Smith was in no wise guilty of the theft, and on preliminary examination Justice Cox dismissed the case against him.

The complaint recites these and other details of the affair, among them being the declaration that Smith was locked up with Henderson for an hour before he was able to secure \$3000 bail. The complaint declares that great publicity was given the arrest in Orange county and Los Angeles newspapers, and that from the effects of his arrest and his chagrin, Smith was ill for two months.

The sum of \$20,000 is the amount that the complaint names as the amount that will about offset the damages suffered by Smith in humiliation and actual illness as the result of his arrest. The complaint alleges that the complaint was issued maliciously, but as to why Gray should have enmity toward Smith nothing appears.

Supervisor Calls in Both Parties to Help Re-District City

Supervisor H. E. Smith has issued an invitation to the members of the Republican and Democratic county central committees of the first supervisorial district to be present at a meeting at the Board of Supervisors room at the courthouse next Saturday afternoon at 2 o'clock for the purpose of proposing new precinct boundaries.

The state law requires that when a precinct's vote runs over 200 the supervisors must cut the precinct to reduce the work of election officers. At the last election all but one or two of Santa Ana's precincts cast over 200 votes each. A number of other precincts of the county did likewise. Between now and Jan. 1, 1914, when the new registration begins, the supervisors must make the necessary boundary changes.

Each supervisor is delegated to make the changes for his district, his decisions to be passed upon by the board.

Supervisor Smith's district comprises all of Santa Ana, the fourth ward recently having been transferred from the fifth to the first supervisorial district.

The meeting Saturday will discuss the changes in boundaries, and it is possible that radical changes will be made. There has been some talk of using the principal streets as the boundary lines straight through the city.

In previous years precinct boundaries were of more importance than they will be after the next election. There has always been allowed one member of the central committee to each precinct. Under the new law the central committeemen are to be elected at the primaries, three for

The subject at the First Christian church tonight is "Change of Heart." Tomorrow night the young folks of the church will give an auto parade, singing hymns and songs, announcing the services.

The interest grows with every service. Men and women, boys and girls are taking their stand for Christ with the church at every service.

Next Lord's Day afternoon a special meeting for women and girls is planned by the Y.M.C.A. and C.W.B. A. These meetings will continue until Nov. 30 at least. That will be a great day for the church.

Last Night's Service

Brown said on the subject, "Can a Good Man Be Saved Out of the Church?" There is much common ground for good men to stand on in the church and out of it. But Jesus is the only teacher that goes to the root of human misery and sorrow. He says sin is the cause of sorrow here and hereafter. He promises forgiveness of sin, and shows the way. The unforgiven man is lost. The steps that lead one to Jesus lead him into his church. It necessarily follows that the church is his way. While church membership is not a guarantee of salvation, those who are saved will go through the church to their final home.

BOARD OF SUPERVISORS

ASKS THE SANTA FE
TO MOVE ITS DEPOT

County Wants Room for its Road and Man Wants Use of His Lot

A man at Richfield has been having a hard time calling his lot his own. A county road runs across it and the Santa Fe depot is situated upon it. Consequently there is not much lot left.

The county is interested in the situation, and today the Board of Supervisors passed a resolution directed to the Santa Fe asking that the railroad move its depot. When the depot is moved there will be more room for the county road, and the man who owns the lot will think that he owns that which is his.

Boundary Changes

Delegations were at the courthouse today from a number of school districts. A portion of the Westminster school district was placed in the Bay City district, and a portion of the Fullerton district was added to the Anaheim district. The Bay City district was made a part of the Huntington Beach Union High School district.

H. E. Smith, chairman pro tem, was authorized to sign a lease with J. P. Baumgartner for half of the second story of the Register Building for the use of the Highway Commission.

NEW TARIFF LAW IS
NEW YELLOW PERIL,
SAYS GOV. POTHIER

PROVIDENCE, R. I., Nov. 18.—The recent tariff legislation has opened the way for a "commercial yellow peril," Governor Pothier said in a speech recently before the New England Textile Club.

"The new tariff," the governor continued, "will result in the lowering of wages of textile mill operatives and will deprive American manufacturers of their home market. We shall have to protect our labor and the products of our labor against the extremely low wages of the Orient if those nations enter the industrial field."

TRIED TO EXTORT
CASH FROM BARD

John Hattery Demands \$5000 of Former U. S. Senator Under Threats of Death

LOS ANGELES, Nov. 18.—Attempt to extort \$5000 from former United States Senator Thomas R. Bard of Eugene on threats of death led to Hattery's arrest.

Hattery's arrest was effected by Sheriff E. J. McMartin of Ventura county and he was taken to the county jail at Ventura, where he is said to have admitted to the sheriff that he had written the letters.

Hattery declared he was entitled to the money. A generation ago, he said, his father had been evicted from the Rancho Colonias by Senator Bard through legal process.

FROM CONTRACT TO VROOMAN ACT

South Broadway Residents Say that They Can Get Paving for Less

PROPOSAL TO SELL GAS IS DELAYED

Grubb States that Natural Gas Offer Not Yet Ready to Submit

There has been a ruction, and no small one, concerning the proposed paving of South Broadway and Santa Birch street. Already an action has been brought in the superior court, and last night there was a delegation at the meeting of the city trustees, there for the purpose of seeing how the ground lays in regard to paving South Broadway.

In short the situation is this: Max L. Huberman, who has paved several streets in Santa Ana, had contracts circulated on the two streets. M. R. Heninger circulated some of those contracts and got signatures. The price named for at least one of the streets was 12.75 cents per square foot.

Heninger still holds the contracts for the paving on South Birch, and Huberman has brought suit against him to compel him to turn them over to him. Heninger refuses. The reason for his refusal seems to be the same reason that brought out twelve or fifteen South Broadway property owners to the council meeting last night. That reason is that since the contracts were signed with Huberman, a contractor has been found who offers to do the paving for less money.

J. P. Smith was the first speaker for the South Broadway residents last night. His first request was that the street be paved clear through to Fairview instead of only to Cubbon, a block north of Fairview. Trustee Alderman Grubb said that things right concerning the last block. He said the street should be paved clear through to the school, and if paved either the schools or the city would have to pay for it, and the city does not want to pay for it. Smith was then asked to go to a committee meeting to the school board and see if it will not pay for its paving on that block.

"Some of us have signed an agreement for paving this street," said Smith, "and we now learn that there is a contractor who will do it for two cents a square foot less, which means the saving of from \$25 to \$30 per lot. What we want now is to have you go ahead under the Vrooman Act and pave the street."

The discussion that followed showed the situation to be that some of those who had signed the Huberman contract now want the Vrooman Act proceedings to go through in order to get a cheaper bid, also with the expectation that the Vrooman Act proceedings would set aside their signatures with Huberman. Heninger said that the property owners will all be satisfied with the Vrooman Act proceedings. The city attorney said the city has nothing to do with private contracts, but a contractor cannot go to a street to do work under a private contract without first getting a permit from the trustees.

The matter was dropped for the evening when it was shown that the city has already begun the Vrooman Act proceedings. The question as to whether or not the contracts with Huberman will hold good, of course, could not be decided. Huberman and his attorney, H. J. Forgy, were present, but said never a word.

Wait for Contract

Property owners asked for a street light at the corner of Twentieth and Poinsettia streets. Since a new lighting contract is to come up in about a month, this matter was put over. Alderman said that he thought it would be advisable to have all lights with center suspension.

Mr. Milliken on West Fifth was granted permission to cut two cypress trees.

The enthusiast wants but little, but wants it fine; and he gets his money's worth.

franchise. F. E. Hallman stated that manhole covers on North Main street have been found off frequently, and he broke his automobile on one. Grubb said he had never seen a manhole left open or partly on that street. The communication was referred to the sewer superintendent.

A letter from the purchasing agent of Los Angeles stated that that county proposes to buy the Monolith cement plant, and wanted to know how much Santa Ana might take at cost of production. Referred to street committee.

No bids for laying a large number of pieces of sidewalks under the Act of 1911 were received. This work was to be let to bids because property owners failed to lay the walks when requested to do so by the city. Later, bids will again be called for. Why the cement contractors failed to bid does not appear.

To Try It Out

The letter from General Manager McMillan of the P. E. suggesting that an order that all cars crossing First street go at a speed of not over four miles an hour be substituted for the city's suggestion of an automatic flagman. Alderman moved that the 4-mile-an-hour plan be tried out, to see if it proves safe. If the plan does not work out, the city can then demand an automatic flagman. Alderman's motion carried.

Santa Ana was invited to enter a floral float in the Tournament of Roses on January 1 at Pasadena. The matter was referred to the Chamber of Commerce.

In reply to the city's letter complaining against the use of heavy steam engines on East Second street, the S. P. stated that light engines are used, and as a matter of consistency the letter stated that the city unloads oil cars on that street, which cars weigh three times as much as an engine.

The prohibition party was granted permission to use the city hall for a county central committee meeting on December 5.

The bid of the Bowman Metal Co. at \$408 for steel cases at the city hall was accepted.

West Fifth Paving

Alderman urged that some special effort be made to hasten paving West Fifth street to meet the county highway. He moved that the engineers and attorney take immediate action to have that street paved under the Vrooman Act, from Garnsey to Baker, full width of roadway. Grubb declared that the work should be done while the county has the road outside the city limits closed for good roads. The motion carried, Greenleaf voting no. Alderman then moved to have immediate proceedings for paving West Fifth from Baker to the city limits. Alderman insisted on going to the city limits.

Street Superintendent English said he did not approve of the county good roads as it has only a half-inch wearing surface, and he doubted the advisability of using it on West Fifth inside the city limits as well as outside.

Grubb said that to force the paving down on the extreme west end of the city's portion, where the land is of little value, would confiscate the property. He said the city should help pay for a portion of the street paving there, for the property does not justify spending much money, if any, on the street.

McPhee said a little less than a majority had signed for the part between Garnsey and Baker, a little over a majority for the part between Baker and Artesia, and no signers at all beyond Artesia. If an attempt is made to force down paving clear through to the city limits a protest would come in and swamp the whole procedure.

Alderman then withdrew his motion, calling for procedure from Baker to city limits. Grubb then moved to start legal proceedings for paving a 20-foot strip like the county good roads between Baker and Artesia. This motion carried, and Grubb asked for advice as how to get the strip of West Fifth between Artesia and the city limits paved. With the expectation that the city will help pay for the paving of this section, Grubb moved that the engineer and attorney proceed legally, and that a committee be appointed to consult with the property owners. There was no second, and the matter was dropped for the evening.

Alderman moved that the former action of the board instructing the clerk to advertise for bids for sale of bonds for thirty times be rescinded, and that he advertise three times. Carried.

More Time Needed

Grubb stated that more time is wanted by the committee appointed to see about getting natural gas for Santa Ana.

"We have great encouragement," said he, "that we will get a supply of natural gas for this city at a low figure."

The city hall committee was instructed to have the city hall roof painted.

Grubb said the city needs a new road grader and his motion to advertise for bids was carried. Alderman and McPhee voting no.

Hamilton stated that True has not yet moved his barn off of an alley in the block at the northeast corner of Seventeenth and Main. True has promised to move it, but has set no time. The board last night requested True to move the barn within a reasonable time.

McPhee reported that a Home pole at Sixth and Ross has rotted off. The clerk will notify the company.

The recently prepared traffic ordinance was read for the first time, and was referred to a committee for amendment. The ordinance will make into law the usual customs of handling traffic in cities. Autos must stop with the right side to curbs and not over two feet from the curbs. When a vehicle is going to turn at a corner a signal must be given by extending a hand on the left or by giving one blast of the horn. Alderman objected to a provision requiring bicycles to carry a light at night.

STEFANSSON MAY BE LOST WITH HIS SHIP

Was Last Heard of on August 14—Probably Hard Hit by Big Alaskan Storm

SEATTLE, Nov. 18.—Vilhjalmar Stefansson, famous Arctic explorer and discoverer of the "white Eskimos," who was aboard the steamship Karluk when that vessel was last sighted off Flaxman island on August 14, is possibly lost, as is that vessel and all of her people.

Nothing has been seen or heard of the Karluk since that date, despite the fact that extensive search has been made for her. Whalers say there is little hope of her ever being discovered, as she is known to have encountered the heavy weather which prevailed off the Alaskan coast early in October.

This is the opinion of members of the Canadian Arctic exploration party at Collision point, according to a dispatch received from Fairbanks yesterday.

Stefansson left Victoria last summer with an expedition outfitted by the Canadian government to make explorations and scientific researches along the northern coast of the American continent.

DINNER PARTY IN HER HONOR

Function Given for Miss Hazel Morrison, Soon to be Married

(By Staff Correspondent.)

ORANGE, Nov. 17.—A dainty dinner party in honor of Miss Hazel Morrison, who will be a Thanksgiving Day bride, was given Saturday evening at the home of Mr. and Mrs. Henry Campbell on South Cambridge street.

Dinner was served at 6:30 with covers for ten. The color scheme was in green and white, which marked both the decorations and the refreshments. The rooms were beautifully decorated with chrysanthemums and smilax.

A number of candles lighted the table, where the centerpiece was a mirror circled with smilax amidst which was a tiny white bride, with filmy veil and bridal bouquet. Streamers extended from there to each place. The dinner was in four courses.

The guests spent a jolly evening in games and contests. While the bride-elect sat playing the piano, others tried their hand at portrait sketching and she then judged their merits, awarding first prize to Miss Marie Getchell.

The guests were: Miss Hazel Morrison, Mr. and Mrs. Owen Murray, Mr. and Mrs. Ed Abbott, Miss Marie Getchell of Alhambra, Miss Elma Campbell, Mr. Carey Billingsley, Mr. and Mrs. Henry Campbell.

Mrs. Martin's class of the M. E. Sunday school was pleasantly entertained Saturday afternoon at the F. M. Gulick home on East Collins avenue. Seven members of the class and one visitor, Miss Lois Meyer, were in attendance.

The object of the meeting was to work on their Sunday school books, and was accompanied by a delightful picnic on the lawn. The class also elected officers as follows: Emma Claypool, president; Thelma Spray, vice president; Idella Christenson, secretary; Elva Whitman, treasurer.

The lunch on the lawn was a delightful affair, the menu consisting of potato salad, sandwiches, fruitade, cookies, cake, crackers, pie, walnuts and puffed wheat balls.

Those present were: Laura Mickert Anna Webster, Eva Whitman, Emma Claypool, Idella Claypool, Eugene Lee, Thelma Spray and Lois Meyer.

The Orange chapter, P.E.O. entertained Saturday at the home of Mrs. A. E. Smith, 24 East Chapman avenue, with guests from the P.E.O. chapters of Los Angeles, Riverside, Anaheim, Tropic and Hollywood.

The Smith home was prettily decorated in autumn flowers and foliage, forming a most attractive setting for the affair. A delicious luncheon was served at 1 o'clock.

After luncheon, programs were distributed containing tiny representations of famous Madonnas, and the audience listened to a piano solo, "Gems of Scotland," played charmingly by Mrs. Fred Grote. This was followed by an interesting talk upon four of the great Madonnas, especially the Sistine. Miss Marian Pryne then spoke of impressions made by the Madonnas of the churches and galleries of Italy. The program concluded with a vocal solo by Miss Fae Meiler, entitled "Bye Lo Land."

To the following committee is attributed the success of the afternoon: Mrs. Keller, Mrs. Hallman, Mrs. E. J. Brown, Mrs. Higgins and Miss Mabel Parker.

What Cures Eczema?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we have tried to make our answer public. After careful investigation we have found that a simple wash with our "Oil of Wintergreen," compounded in Dr. D. D. Prescription, can be relied upon. We would not make this statement unless we were sure of it—and our Eczema remedies sold, over 500,000 units, hesitatingly recommend Dr. D. D. Prescription.

Drop into our store today, just to talk over the merits of this wonderful Prescription.

There was a determined little attempt yesterday morning to force down the price of eggs with a report of 212 cases in one day. The effort proved a failure, however. As fast as eggs were offered at 34 cents, there were buyers on hand to take them up, no matter what the quantity. The demand was so good that for a time it looked as if the price might be advanced a cent or two instead of lowered, particularly with a report of 69½ cents a dozen in San Francisco as a prevailing quotation and the market looking higher. The sale of storage eggs continue very heavy and what-over eastern fresh eggs are coming in at this time are finding a good market. The Chicago market is absorbing all of the eggs obtainable at the increased quotations of the past few days, which makes more profitable to sell here than ship out of the Middle West.

The market on butter was very firm. San Francisco reported a slight advance, selling extras at 32½. The call for the products was accelerated by the possibilities of the rise.

Potato arrivals were 7400 sacks. River spuds are not in any danger as yet of being supplanted by other potatoes. The market on sweet potatoes was fair. The little wet weather has been the cause of some rot, but not enough to effect the market to any extent. Receipts were 192 sacks. Onion arrivals were 300 sacks.

Why Apples Are High

Because frost and heat in many eastern states destroyed the crop.

Because we are actually falling behind in the production of apples while the demand is increasing.

Because there are only a few places in the whole United States where apple growing is made a real business.

Because so much of the fruit produced is poor, wormy stuff, not fit or profitable for marketing. That is why those favored sections where sound, high class fruit is produced are attracting the attention of investors.

All Oak-Glen and Yucaipa apples (over two hundred carloads,) being fruit of the highest quality, was bought by Rivers Bros., of Los Angeles, and has been put in cold storage. It will not be placed on sale till about February 1, and the price will likely be high, for such fruit is scarce.

Fruit grown on the young trees this year at Yucaipa sell for \$3.00 per box, equal to \$1.00 per barrel.

You only need to see what is taking place at Yucaipa to be convinced that it is even better than the high claims we make for it.

Go with us to see it. Phone 970W. Home 3744.

TRIAL SET FOR DECEMBER 3

Many Friends Wish to Go on
Rev. C. M. Sutherland's
Appearance Bond

(From the Anaheim Herald)
What appears to be a case of trying to discredit the "drys" of Anaheim and to humiliate Rev. C. H. M. Sutherland, was the complaint sworn to last Saturday by Herman P. Noll, secretary of the Orange County Wine Company, charging Rev. Sutherland with fraudulent registration, the case having grown out of a misunderstanding on the part of Rev. Sutherland, and being based on what is evident to any fair-minded person is simply a technical point. The case will undoubtedly prove to be a boomerang and turn back upon the "wets," who thought by this move to create unfavorable opinion of the "drys."

Upon learning that there was a warrant issued for his arrest, Rev. Sutherland was called upon by several people yesterday who were anxious to take him over to Santa Ana and go on his bail for his appearance in court.

Yesterday morning Rev. Sutherland went to Santa Ana in company with D. Gervais and W. M. Wellman, where he went before Justice of the Peace Cox and asked to have his case set for hearing. Justice Cox set the hearing for the afternoon of December 3 at 1:30 o'clock. He fixed bail at \$1000, which was promptly furnished by Mr. Gervais and Mr. Wellman.

Rev. Sutherland, when seen by a Herald representative last evening, stated that he did not care to comment upon the case until he had consulted his lawyer.

ANNA HELD

AMUSEMENTS

The Variete Jubilee—another name for all star vaudeville—a musical playlet of rare excellence, both as to book and score, is the vehicle which will carry not less than eight vaudeville acts of great international distinction. It will be at the Grand Opera House tomorrow night, November 19.

John Cort, under whose management Miss Held returns to America, has combed three continents for unique and striking specialists of entertainment. Asia, Europe and America have contributed to the bill of varied delights of which Anna Held is the top-liner. A score of the most beautiful women of the world, dependent more upon the individuality of their charms, rather than upon their numerical strength, will be seen in contrast with the undiminished beauty of Miss Held.

George Beban and his company of seven gifted players in that beautiful dramatic playlet, "The Sign of the Cross," will not fail to convince the public of the sincerity of Miss Held's management in the desire to give the American public the best and most beautiful entertainment possible in the always varying development of art and variety in light amusement.

From China, to reinforce this remarkable vaudeville production, comes the Imperial Pekinese Company of six Celestial acrobats, whose grotesque and almost uncanny feats in athletic contortions, balancing and demonstration of physical strength and dexterity have amazed even the experts of the mysterious country which evolved them.

Francis and Florette, the admitted protagonists of the artistic expression of the Tango, dance the Turkey Trot, and the Hesitation Waltz, all of which, contrary to the premature judgment of the purists, are capable of an infinite and even majestic interpretation when done by genuine artists.

Charles Ahearn, the funniest, burlesque comedian of recent years, with a group of ten clowning cyclists, chauffeurs and grotesque fun-makers, will disclose the famous act that has made Paris, London and New York shout with delighted laughter. The swiftest pantomime, the most startling escapades and the most ludicrous buffoonery crowd one another in this ideally funny feature.

Herschel Hendler, the eccentric and gifted piano-prodigy, is another captivating member of Miss Held's assemblage of versatile and contrasted stars. Himself a great artist at the piano, he gives piquance, humor and intense interest to his performance by the most convincing impersonations of all of the great virtuosi of the piano.

Ward & Curran, the emperors of laughter, in their roaring farce, "The Stage Door Tender," will reinforce the strong comedy equipment of this Jubilee of Vaudeville.

The playlet, which makes a capacious and appropriate vehicle for the wealth of beauty, humor, dexterity, music, fun and inspiring gaiety comprised in Anna Held's remarkable company, is a sumptuously staged whizbang, the book and music of which are by Stanley Murphy.

The Girl from Mums"
At the Grand Opera House on Saturday, November 22, will be presented Sheehan & Beck's Parisian Musical concoction in three courses, "The Girl from Mums," which is conceived by press and public to be the cleverest musical comedy in years.

The book is by J. A. Lacy, the lyrics and music by Fred A. Bohnhorst.

"The Girl from Mums" was written to entertain, both from a musical and a comedy standpoint. There is not a dull moment during the action of the play.

TO AMEND TORRENS ACT

Would Give County Recorder
Authority to Grant Certificate of Title

(From the Anaheim Herald)

A petition for amending the Torrens law is being circulated in Anaheim, as well as in all other parts of the state. This amendment, if passed, will be of great benefit to real estate men, and also to all property owners. The petition must be completed by December 1, and H. P. Tobin, 129 East Center street, has it in charge for this city. All interested should not delay in signing.

The object of the petition is to give the voters of the state an opportunity of deciding whether or not the Torrens law is to be so amended as to place it within the reach of those wishing to use it. The law provides for the issuance by the county recorder of a certificate of title at a nominal price, which is kept up to date and thereby dispenses with abstracts of title and long delays in passing title. It provides a simple, modern and inexpensive system as distinguished from the present expensive and cumbersome method. It establishes state title insurance in the place of private insurance, with its accompanying immense profits to the title trust. It will reduce the expense of transactions in land to a nominal sum in each case and the delays in passing title to 24 hours.

The law has been declared constitutional by the supreme courts of the states of California, Minnesota, Illinois, Massachusetts and Colorado, and in force in those states, in Australia and other foreign countries.

GOODBYE DANDRUFF

Parisian Sage Stops Falling
Hair and Itching Scalp;
Removes Dandruff With
One Application

If your hair is not as soft and beautiful, or as fresh and full as that of some friend whose hair you admire.

Do what she does—take care of your hair. It needs daily attention. If your hair is too thin, make it grow. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp and dandruff will go.

Parisian Sage, sold in fifty cent bottles at druggists and toilet counters, is just what you need to make your scalp healthy and immediately remove dandruff—your hair wavy, lustrous and abundant.

Parisian Sage quickly stops itching head; cleanses the hair of dust and excessive oil; takes away the dryness and brittleness; makes it seem twice as soft and lustrous.

You cannot be disappointed in Parisian Sage. Always sold on money back if not satisfied plan. Look for the "Girl with Auburn Hair" on the package. Recommended and sold by Rowley Drug Co.—Advertisement.

STATEWIDE PROHIBITION 1914 CAMPAIGN OPPOSED

The radical prohibitionists of California, who seek the submission of a state-wide prohibition amendment to the constitution in 1914, will find a determined opposition to their plan when the state-wide prohibition amendment convention convenes in Blanchard Hall, Los Angeles, at 10 o'clock next Wednesday morning.

Aligned against the radicals will be leagues, the church federation of Los Angeles, several of the larger church denominations of the state, and hundreds of leading citizens, both men and women, who favor the campaign, but not earlier than in 1916—a unity of strength the tide of which the radicals can scarcely hope to stem.

The great strength of the opposition to the radical prohibition program is made possible by the manner in which the delegates have been chosen. For instance, a church is entitled to a delegates for every 100 of its membership and every major fractional part thereof. Each Sunday school is entitled to a delegate and every society of young people connected with the church, including the Y. P. S. C. E., the Epworth league, and similar organizations, is entitled to a delegate. In addition to these, there will be delegates from the W. C. T. U., the Good Templars, the Prohibitionists, the Anti-Saloon league, and allied organizations.

Against 1914 Campaign

That there will be a large attendance at the convention already is indicated by the campaign that is being waged and the interest that has been aroused through the discussion in the public print and otherwise of the date of submission of the proposed amendment. The balance of sentiment, it appears from the official action of the church federation of Los Angeles, the Anti-Saloon league's two state organizations, various ministerial associations, denominational conferences and similar organizations, is against the submission of the constitutional question in 1914.

Here, in brief, is an indication of the sentiment that exists on that question:

A great convention, composed of representatives of all temperance forces held at San Francisco last June, emphatically declared against such a campaign in 1914, and said that they would not support it.

"I implore the people, whom I have diligently served for nearly 16 years, to unite in preventing an initiative prohibition campaign in 1914."—Dr. Ervin S. Chapman.

We ask, therefore, that those who are favorable to this movement will not insist upon forcing this issue upon the people of the state at this inopportune time, and that all who would prefer to have such a movement deferred will most heartily and vigorously join in preventing the bringing on of such a campaign and thus averting what we believe would inevitably be an unspeakable calamity. — Executive committee of the State Anti-Saloon League of Southern California, in a letter to pastors, church people and all friends of temperance reform residing in Southern California.

More Along Same Line

Whereas, this conference has put itself on record as favorable to the calling of a convention to consider the advisability of a campaign in 1914 to make California dry; therefore be it

Resolved, that it is the sense of this body that if such a convention should be held, it shall be under the auspices of the California State Church federation or a special organization which shall be authorized by it.—Southern California M. E. conference, Long Beach, October 17, 1913.

We record our judgment that the time is not ripe for a vote on the question of state-wide prohibition in California, and that to force the issue under present conditions would militate against the early suppression of the liquor traffic in both state and nation.—Action of the Presbyterian Synod of California at Santa Rosa, October 1913.

At a meeting of the executive committee of the Church Federation of Los Angeles, a resolution was adopted to the effect that it was deemed inadvisable to launch a prohibition campaign in 1914. Thereafter at a meeting of the council of the Church Federation, the action of the executive committee was ratified and approved.

Circular Letter Sent Out
Following this action, a circular letter was sent out to the membership of the federation advising them of the action taken, saying:

Under the call issued, every church, young people's society, Sunday school and other organizations believing in the suppression

of the liquor traffic, is requested to elect one delegate for each society and an additional delegate for each 100 members of the church. We believe that it would be advisable for each church, organization, Sunday school and young people's society to avail themselves of this privilege and send a full delegation. Otherwise those who believe in launching a prohibition campaign in 1914 without adequate preparation, will undoubtedly control the convention. Will you not, therefore, cause your church and each organization connected therewith, entitled to elect delegates, to appoint such delegates and instruct them to be present at the convention and participate in all proceedings thereof?

N. Newby, chairman of the civic righteousness committee of the church federation, who sent out the letter, added:

It is the personal opinion of the writer that the year 1916 would be very much better for such a campaign than the year 1914.

The church federation is thoroughly aroused to the situation and it is believed its entire strength, which should be sufficient to control the convention, will be wielded against the program of the radical prohibitionists to precipitate the constitutional amendment campaign in 1914.

W. C. T. U. Favors 1916 Dry Campaign

The Northern California W. C. T. U. held its last annual convention in Santa Cruz, beginning Monday, October 13, with 208 delegates present. From the report of the same published in the White Ribbon Ensign for November, is taken the following:

"The executive board meeting Monday afternoon was an interesting one. As matters of special importance were to come up, a large number were in attendance. The most important question was the advisability of a campaign for a constitutional amendment for state-wide prohibition, to be submitted to the people in 1914. After careful discussion, it was deemed advisable not to have the question submitted earlier than 1916, on account of the necessary educational campaign, and also on account of the red-light abatement question that has been referred to the voters for their ratification, and which will require thorough educational work.

"This action of the executive board was afterward ratified by the convention, after discussion by the delegates."

PLENTY OF PROOF

From People You Know—
From Santa Ana Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Santa Ana, of people who can be seen at any time. Read the following case of it:

E. O. McKinnon, 711 E. Pine St., Santa Ana, Cal., says: "For years I suffered from pain in my side and over my right kidney. It was a throbbing pain and was often so severe that it seemed as if a knife had been thrust into me. I thought the trouble was caused by heavy lifting, but I couldn't get relief. On the advice of one who had used Doan's Kidney Pills, I got a box. I soon found relief, and I continued taking them until the pain had gone. The action of my kidneys was regulated, too. I have only had need of Doan's Kidney Pills once since. Hard work brought on an attack of backache, but a couple of boxes of Doan's Kidney Pills fixed me all right. I have just as much faith in Doan's Kidney Pills now as I did when I publicly endorsed them some years ago."
